CERTIFICATIONS

AWS Certified Cloud Practitioner

PROFILE

I'm a full-stack web developer with a strong foundation in HTML, CSS, JavaScript, React, and Node.js, gained through an intensive 22-week training program focused on modern web development and agile methodologies. I bring hands-on experience in collaborative projects, where I've prioritized clean code, continuous learning, and inclusive team dynamics.

Before transitioning to tech, I spent 10 years in financial and administrative leadership roles, specializing in ERP data analysis for strategic decision-making and process optimization. This background sharpened my analytical thinking and sparked a deep curiosity about the systems behind the data—ultimately driving me to learn how to build them.

I'm also certified as an AWS Cloud Practitioner, expanding my understanding of cloud infrastructure and deployment practices. I thrive in environments that value both technical excellence and human-centered collaboration, and I'm eager to keep building impactful, scalable solutions.

EXPERIENCE

Applied Software Development

Dev Academy Aotearoa | Jul 2024 - Dec 2024

Completed a 22-week, full-time immersive program focused on full-stack web development and human skills, where:

- Built front-end and back-end applications using HTML, CSS, JavaScript, React, Node.js, and Express.
- Applied Agile methodologies in pair and team programming, using Scrum and Kanban workflows.
- Practiced Test-Driven Development (TDD) with Vitest and Jest to ensure code quality and maintainability.
- Gained hands-on experience with Git, GitHub, npm, and Dokku for version control and deployment.
- Developed soft skills in communication, feedback, emotional intelligence, and collaboration in diverse team environments.

Professional Development

Career Break | Oct 2023 - Jun 2024

- Focused on improving English language proficiency.
- Dedicated time to personal growth and planning for a career transition to software development.

COURSES

[AWS Educate Introduction to Cloud 101 - AWS Skill Builder](#)

[From Scratch: Beginner in Programming - Alura](#)

[Git and GitHub: Sharing and Collaborating on Projects - Alura](#)

[Javascript and HTML: Develop a Game and Practice Programming Logic - Alura](#)

[Programming logic: Dive into Programming with JavaScript - Alura](#)

[Programming logic: Explore Functions and Lists - Alura](#)

[Power BI Desktop: Building my First Dashboard - Alura](#)

LANGUAGES

English: Intermediate

Portuguese: Native

OTHER SKILLS

Emotional intelligence

Time management

Conflict resolution

Problem-solving

Adaptability

Teamwork
